ANTIOCH, ILLINOIS, THURSDAY, DECEMBER 10, 1964

VOL. LXXIX, NUMBER 24

**JULIE PORTALSKI** of Rural Route 3, Antioch, demonstrates the newly-designed Princess telephone for Touch-Tone calling to be introduced to the Antioch area next month on January 11. Fast and easy to use, the distinctive service will allow customers to tap out their calls in half the time it now takes to dial them, according to Dick Miller, Illinois Bell manager.

## Touch-Tone Phones Come To Antioch

Touch-Tone calling comes to the Antioch area January 11 according to Dick Miller, Illinois Bell Telephone manager.

Touch-Tone is the distinctive new way of calling in which buttons are used instead of a dial. The service will be offered to customers whose telephone numbers begin "305" or "306". Phone users ordering the new service will no longer have to wind up the dial for each digit, then wait for it to spin back. "Most people will be able to tap out a number in less than half the time it takes them to dial," Miller said.

When each button is pushed, two simultaneous musical tones, which can be heard by the caller, are flashed to the central office. Specially-designed converters and receivers translate the tones into language that present switching equipment can understand.

Because the present dial tone interferes with these musical tones, a lower pitched dial will be introduced on December 28, Miller said. The new dial tone will not affect the use of phones, and users should continue to make calls in the usual way. Touch-Tone will be offered on an optional basis at moderate one-time and monthly charges. The cost for Touch-Tone residence service is the same no matter how many phones are installed, and color comes free, the manager pointed out. For example, a customer with 3 regular black telephones

## C.C. Changes Meeting Dates

The Antioch Chamber of Commerce decided at its Monday meeting that monthly luncheon meetings will be held for the general membership of the Chamber from now on, instead of the bi-monthly meetings that were scheduled in the past.

Monday's meeting was held at Lorenz's Smart Country House. Following luncheon, slides were shown by Dave Davis, News Director of WKRS Radio. "See the Sound of Radio" was presented by Davis. It included aerial views of Lake County, and pictures of the radio station and personnel. Bob Berkquist, a member of the Antioch Chamber of Commerce, and sales representative of WKRS, supplemented with some remarks on radio advertising.

John Dallman reported that the poles were in place for the aerial streamers. Fred Walpole, president, reported that the nominating committee has submitted names of candidates for the Board of Directors.

Kenneth Smouse will be the narrator for the program. Mr. George Olisar is the band director.

## "Elves" To Play Extra Week-End

Those who weren't able to get tickets for the scheduled performances of "The Elves and the Shoemaker" will still be able to see the popular children's play at the PM&L Theatre on Main St. in Antioch.

Popular demand has made the PM&L group schedule two additional performances on Saturday, Dec. 19 and Sunday, Dec. 20. The show will start at 2 p.m. on each day.

Tickets to the four performances scheduled for Dec. 5 and 6 and Dec. 12 and 13 were quickly sold out.

Those who attended last weekend's performance reported that the show was a delight from beginning to end. Children particularly loved the antics of the elves.

## No Driver License Exams On Saturday During Winter

Springfield, Ill. — Saturday morning hours for examining driver license applicants have been discontinued for the winter months, Secretary of State William H. Chamberlain announced today.

The substantial decline in the number of examinations which is always experienced during the winter months makes the continued operation of the stations on Saturday mornings an uneconomical and inefficient undertaking, Mr. Chamberlain said.

Downstate examining stations which will now be closed on Saturdays are at Belleville, Granite City, East St. Louis, Wood River, Springfield, Jacksonville, Carlinville, Carlinville, Decatur, Taylorville, Urbana, Bloomington, Pontiac, Danville, Pekin, Peoria, Quincy, Moline, Galesburg, Princeton, Joliet, Kankakee, Ottawa, Sterling, Rockford, Freeport, DeKalb, Libertyville, Woodstock, Lombard, Aurora and Elgin.

## A Merry Xmas For Every Child Is Aim of Marines

You have until December 17 to deposit used, or new toys in the "Toys for Tots" barrel in the State Bank of Antioch.

The toys are being collected by the Marine Corps Reserve for distribution to children who otherwise might have a Christmas without toys.

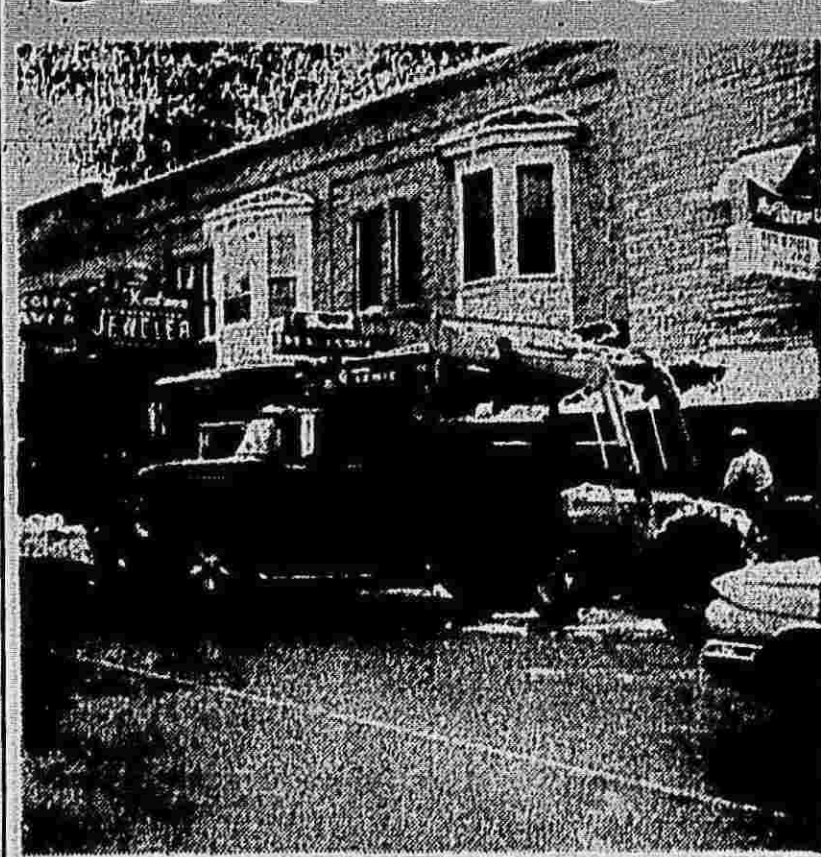

"Remember our theme," urges Captain Albert H. Kroening, Jr., Commanding officer of Lake County's Marine Reserve Unit. "For a child, a joyless Christmas can be a joyless life."

If every parent in the area would donate just one toy, a lot of unfortunate children in Lake County would have a much merrier Christmas.

"New or used toys in repairable condition are still urgently needed," said Captain Kroening. "Volunteers at the Veterans' Hospital in Downey are standing by to repair and repaint used toys collected so that they can be turned over to local Welfare Agencies for distribution to needy children."

PFC Paul Hameau is Antioch chairman of the Marine Toy Drive. He will pick up toys if necessary. His phone number is 395-1874.

## Golden Gloves Bouts Scheduled In Kenosha

The tournament is conducted under the auspices of the Wisconsin Amateur Athletic Union and supervised by the Wisconsin State Athletic Commission.

sanctioned amateur bouts.

Champions in the Kenosha regional tournament will meet the winners from the Green Bay regional meet in Kenosha on March 11. Open class winners in the state meet will then advance to the national championship at Kansas City, Mo., March 15-19.

Entry blanks and information are available by writing to Golden Gloves Tournament director, c/o Kenosha News, Kenosha, Wis.

## Schools Need More State Aid, Says PTA

A petition to Governor Kerner to increase State Aid for schools is being prepared. It is hoped that the move will take some of the pressure of school support from real estate taxes.

The petition is jointly sponsored by the Illinois Congress of Parents and Teachers, the Illinois Education Association and the Illinois Association of School Boards, according to an announcement made by Dr. Milton R. Litterst, president of the ICPT.

The petition indicates that the local real estate tax is already carrying too much of the burden of school support (80%); that increasing expenditures must be provided by state government. Alternatives are new sources of revenue or a cutback in the school program.

The petition will be circulated during the month of January under the supervision of PTA presidents, school board presidents, and the local Illinois Education associations. There are 2450 local PTA units in Illinois, with an approximate membership of 700,000.

## Announce Action On Drivers Licenses

The office of Secretary of State William H. Chamberlain has announced the following actions by the Drivers License Division of his office: Suspension of the license of Joseph W. Anzinger, Rt. 1, Box 446, Antioch after three violations; suspension of the license of Martin P. Harmon, Rt. 4, Box 282, Antioch after three violations.

Winter doesn't start officially until week after next (December 21), but the elements evidently weren't aware of the fact last week.

Nine inches of snow at Antioch was the official report from Roy Kufalk on the first bad storm of the season last Thursday and Friday. Antioch fared much better than neighboring communities, with Zion and Waukegan reporting 16 and 13 inches.

Road crews were busy throughout the area on an around-the-clock basis. A driving wind Friday made it even more difficult to keep roads open.

Fender-bumpers and cars sliding off the road were numerous, but motorists were cautious on the bad roads and serious accidents were few.

City streets were generally in worse shape than high ways. With no place to push the deep snow, and traffic making the job more difficult, wet slippery snow was inches deep in the street.

Highway crews barely managed to clear Thursday's snow away before Friday's wind-driven storm started. Antioch's street department hauled piled-up snow away from curbs Monday and Tuesday in the business district.

The temperature sank to zero Sunday morning, according to weather observer Roy Kufalk.

Several minor accidents were reported in the area.

An accident on Route 173 near Antioch Thursday night resulted in minor injuries to the driver, Hugh Holbek, 17, of 593 Main St., Antioch, and four passengers in his car, Mary Lou Miller, 21; her brother David, 17; both of Rt. 3; Gilbert Berger, 20, Rt. 3; and Gerbert Haisma, 19, of Salem, Wis.

The Holbek car was hit in the rear by a car driven by John Grossman, Spring Grove. Holbek said he was signaling for a left turn off Route 173 when his car was hit. Grossman was charged with following too closely.

Grossman and a passenger in his car, Lea Lawrence, 17, Fox Lake, were reported not injured.

Four persons were injured in a head-on collision on Highway 50 in Wisconsin, west of I-94 Friday night.

Georgia Perkins, 20, Pad-dock Lake, one of the drivers, suffered head injuries and shock. The two passengers in her car, Diane Osborne, 22, Bristol, Wis., and Marilyn Boyd, 17, Bristol, were also injured.

Charles Story, 67, Fox Lake, the driver of the other car, suffered scratches and bumps. All were taken to Kenosha Memorial Hospital.

Story said he was going west on Route 50, when the Perkins auto slid crossways of the road and hit him.

## Santa To Pose For Pictures With Kiddies

Pictures of your children with Santa Claus will be available again this year, courtesy of the State Bank of Antioch.

This is the fifth year that the State Bank has supplied this service during the Christmas season. This year, Santa will greet his admirers at 917 Main St., the former location of Ray Baethke's Food Store. He will also dispense treats to each child.

Santa will be available for pictures from 10 a.m. to 4 p.m. Saturday, Dec. 12, and Saturday, Dec. 19. The pictures are Polaroid, and attractively framed on the spot.

The State Bank took pictures of about 2,500 children last Christmas.

## ACT Loses Long Courthouse Fight

The Association of Collective Taxpayers has apparently lost its fight to prevent the building of a new courthouse in Waukegan.

The Illinois Supreme Court Monday upheld a lower court decision which ordered the ACT to stop filing suits to block the proposed courthouse.

The ACT objected to the building of the courthouse on the grounds that the taxpayers of the county had rejected the proposition when they

defeated a referendum asking for money to build the proposed structure.

The County Board went ahead with plans to build the courthouse in spite of the defeat of the referendum. No tax, they said, would be levied to pay for construction. Work was started in August of 1963. The project was halted by the first suit filed by the Association of Collective Taxpayers. The famous "hole in the ground," which became the subject of numer-

ous quips, remained at a standstill while successive suits were filed by the Association.

When the Administration building is completed, the old courthouse and jail will be torn down and two new buildings added to the first. In the meantime, some county supervisors are pushing construction of another county building in Libertyville. Under consideration has been a plan to locate the jail in Libertyville.

## Never Snowbound Now

If you've had occasion to drive in the city during or after the recent snowstorms, you've probably found another reason for being glad if you're a country dweller.

Though there were bad spots and slippery places on some of our highways, most of the roads were kept in such excellent shape that few motorists had any real trouble. State and county road crews are to be congratulated on a very good job. It takes around-the-clock work to keep roads open during a blizzard such as the one we just came through.

We have only one small regret for all this commendable efficiency — we just never get snowed in any more.

Being snowed in, as long as everyone's well, used to be a very relaxing experience. You couldn't go anywhere, and no one could get to your home. So everyone relaxed. It was a wonderful relief from tension.

Now, it's business and pleasure as usual, no matter what the weather. There are times that we're intensely grateful to the men and machines that keep the roads open. But there's no gain without some loss. And once in a while, we wish, rather sadly, that they weren't quite so efficient.

## Courthouse Notebook

BY LOU DURKIN

Head for the bomb shelters because there is a strong possibility that open warfare is imminent between the Lake County Public Water District and the county's Public Works Department.

The PWD, bolstered by its final acquisition of the Oak Grove Sewer and Water facilities which it will now operate and maintain, has filed a condemnation suit in Circuit Court to acquire title to the Lake County Water Corporation which has two water plants, one in Wildwood and one in Fox Lake Hills.

John Rühl, a major real estate developer in the western part of the county, reportedly was negotiating to sell his water distribution system to the Public Water District and refused to discuss a deal with the Public Works Department.

The condemnation proceedings will give the county department a chance to negotiate for the corporation's assets and acquire them as another link in what may some day be a county-wide network of sewer and water systems under one authority.

Properly owner associations in Wildwood and Fox Lake Hills as well as the Board of Trustees of the Fox Lakes Hills Sanitary District have been fighting the acquisition of the facilities by the Lake County Water District and are expected to support the PWD, but there is certain to be stiff opposition from Water District fans.

The change in command in the Lake County Coroner's office Monday marks the end of a political era that saw the Coroner's office emerge as a major political office despite its lack of patronage. Robert (Mickey) Babcox, who served in the office for 12 years before being upset by political newcomer Orville (Pat) Clavey in the primary last spring, made the office important politically because he was active politically himself.

In addition to an all-out effort to win nomination as sheriff in 1958 and a short-lived campaign for Sheriff again in 1962, Babcox was active in other campaigns and with Judge Thomas Moran and State Representative W. J. Murphy provided the rallying point for a sizeable segment of the Republican Party in Lake County.

Previous Coroners were almost anonymous politically, although Garfield R. Leaf served in the office between terms as County Treasurer and County Clerk.

Clavey has indicated he plans to follow in the footsteps of Babcox, at least as

far as political action is concerned, and while the 1966 Sheriff's race might be a little early for him, it is reasonable to assume that he may emulate his predecessors by seeking this office in the not too distant future.

Although his immediate political plans are indefinite, it can also be safely assumed that Babcox, bitten by the political bug early, will not recover completely from the virus and will remain active politically with a view of seeking office again.

County Board Chairman Kenneth Henke, who has experienced some difficulty in achieving full unity on the board, is planning on establishing better communication with county officials.

Too often in the past the supervisors have adopted plans or policies without consultation with the elected county officials thus creating tensions and some resistance.

Henke hopes that by regular meetings with the officials he can develop programs for the county that will have the enthusiastic support of the officials.

At the same time he hopes the officials will feel free to bring their problems to the board for solution.

This is an ambitious program, but one which has been long overdue.

Congratulations are due State Senator Robert Coulson, on his promotion or appointment to the post of Majority Whip in the Senate. We have the feeling, however, that the job was thrust upon him because active, whip-cracking leadership has not been his forte in the past.

Capitol guides in Springfield will be getting a real workout when the Illinois General Assembly convenes in January because of the record number of newcomers who will be taking their places in the House of Representatives as a result of the at-large election.

We must admit to some surprise at the election of three Republicans from Lake County, but at least the county has what amounts to representation from two districts, something that could not be achieved by re-districting during the regular 1963 session of the General Assembly.

Now if our six representatives can just hold the line.

The stethoscope was invented by the French physician Rene Laennec.

Local revelers will be interested in the news that a Playboy Club may be established near Lake Geneva.

If Lake Geneva is the site finally settled on, a Playboy Resort, not just a Club, will be built. It will include skiing, swimming, golf, water skiing and other sports facilities.

This would be the first Playboy Resort in the U. S. The owners hope to establish three—one in the Midwest, one in the east and one on the west coast.

### WINTER WONDERLAND

If the lack of snow and cold has made you put off your Christmas shopping, you'll have plenty of atmosphere now—if you can get anywhere to shop.

NI-Gas has taken a step to defend American womanhood.

The U. S. Weather Bureau has for some time labeled hurricanes with women's names. A good many women are somewhat less than flattered when they find their names attached to snarling, destructive gales.

NI-Gas is reciprocating by labeling cold spells with male names. If there's anything more unpleasant than a hurricane, it's a zero spell with 12 inches of snow driven by a howling wind. An, hurrah for women, it is now officially male.

NI-Gas's definition of a cold spell is different from the U. S. Weather Bureau's official definition of a cold wave. A cold wave is a drop of 20 degrees in temperature within 24 hours to either 20 degrees or 10 degrees, depending on the time of year and location.

NI-Gas says a cold spell is any continuous period of 48 hours or more when the average daily temperature is 19 degrees or less. Cold Spell Albert hit northern Illinois on Nov. 20 and 21. Cold spell Bruce blue in Sunday, Nov. 30.

Last year, the first cold spell of the winter didn't arrive until December 12. This heating season, to date, has been about 60 per cent colder than last year.

NI-Gas is now preparing for Charles. If your husband's name is Charles, and Charlie blows in before Christmas, you may be able to extract considerable mileage from the next cold spell. Like a mink coat, to protect you from Charlie's frigid blasts.

If your husband's name is Xavier, let us hope you will never get a chance to blame the miserable weather on him.

NI-Gas, obviously, knows which side its bread is buttered on. I can see women all over the state turning the heat up a notch and throwing an extra load in the dryer as they read this. They may even decide to bake a loaf of bread in their gas ovens, in honor of NI-Gas's loyalty to the female temper. This will even reconcile Bruce and Charlie to NI-Gas's unpleasant use of their names.

Male names were chosen to label cold spells, the company explains, out of respect to all women named Agnes, Brenda, Cleo, Dora, Ethel and on through the alphabet who loyally use natural gas every day to help with their home-making chores.

Of course, you can still get a lot of pleasure out of blaming poor old Charlie for the weather even if you have an electric oven. But you may feel slightly treacherous.

Members of the League of Mercy, an organization of Salvation Army women, made a total of more than 2,500,000 patient visits in more than 8,000 institutions across the country last year. Many of these visits were made at Christmas time.

...bbling affair. Makes one wish that he's maybe been a borrower or a lender. Young and agile Dan Olson went on a fox hunt last week, sans red coat, hounds or even a steed, he just followed one on foot till he pounced upon it and captured it still alive. We just couldn't believe there were thieves nasty enough to remove the hand decorated trimmings placed on those evergreens around town. Our condolences to the fine troop of St. Scouts who took the time to help beautify our town, and had their faith ruined by such petty thieves.

NOTES TO YOU: Unable to find out any more about that Main St. eatery, other than it is closed! Nurse Heindel was the bright spot at the F.N.A. sponsored dance last week, in her Oh so platinum wig! ... The Ber-

nie Camonds and the Dr. So-lars hosted a lovely Holiday cocktail and buffet party last Saturday night, preceding the Lions Holiday Ball. ... Good thing those Kostoff boys and their wives didn't enter every dance contest at the Holiday Ball, that's what I call real pros! Bents me why Ted and Caroline didn't replace Veloz and Yolanda when they retired. ...

THE LAST DROP: Bill and Catherine Cain were weekend visitors and house guests of the Clarence (Cocky) Olsons. ... Spending this week-end on the slopes at Boyne Mt., Mich., are Bill and Pat Herbert. We understand that this is a new venture for Bill, and all we've got to say is "rots of ruck." ...

Ere I shall meet you face to face. Three years have passed since first we met. This time in my life I shall never forget. We've been through troubles thick and thin. And once in a while I hope soon fit to grin. To everything there comes a day. When the end looms Along the Way. So too must Annie meet her demise. (And don't think there aren't tears in her eyes). But before her typewriter is permanently still. She thought it only proper to make a will. To Mr. Ed, whose wrath I incurred. I leave the jokes that haven't been heard. To Bob and Vicky Wilton whom I did vex,

# Sequoits Open Cage Season With Victory

The Sequoits successfully opened their 1964 conference season Friday night by trouncing Round Lake 94 to 56 on their home court. The big gun for the Sequoits was Vic Rogers, who scored 24 points and grabbed off 19 rebounds.

Antioch jumped off to a 23 to 12 first quarter lead and the issue was never in doubt after that as Coach Andrews played everyone on the bench before the game ended.

Leading 46 to 19 at the half, the Sequoits continued to dominate the Panthers, out-scoring them 48 to 37 in the final periods.

Trailing Rogers in the scoring column were Tyrone Walls and Wally Henning with 15 and 12 respectively. The Sequoits hit 36 of 84 at-

tempts from the field for a respectable 43%. They added 22 of 32 free throws to the final tally.

Round Lake hit 21 of 70 attempts from the field and 14 of 37 free throws. Hall was the leading scorer for the Panthers with 15 points.

Antioch out-rebounded the Panthers 51 to 22.

The Sequoits began work Monday preparing for what may turn out to be their most important weekend of the season. They will go to Fox Lake Friday night for a game against Grant and then return home Saturday to host the Scouts of Lake Forest.

Both teams are highly regarded in the conference. Grant won over Lake Forest Friday night 55 to 50 in the conference opener for both teams.

## Rogers, Walls Are Rated Standouts

Vic Rogers and Tyrone Walls were given special recognition this week by Coach Roger Andrews and his staff for their outstanding play in the last three games.

Coach Andrews plans to make this a regular feature of the News, citing one player each week for outstanding performance in the week's game or games. Walls and Rogers were praised for their work against Batavia, Moosheart and Round Lake.

Vic Rogers has accumulated 70 points and 44 rebounds in the three outings and also blocked 8 shots in the Round Lake contest. Nineteen of Vic's rebounds came in the Round Lake game.

Tyrone Walls has been a standout on defense all season but reached his best effort to date against Round Lake. Tyrone dumped in 15 points and got 6 rebounds to help the Sequoits offensively. His largest asset, however, was his fine defensive play in holding Randy Johannson of Round Lake to 5 points.

Johannson came into the game with a 10 point average and Saturday night following the game with the Sequoits he scored 35 against Maryville.

Vic, 17, of Route 3, Antioch, plans to attend college after graduating, either at Wisconsin, Duke or Brown University. His main interest is in the field of engineering. Vic cites sports and model building as his hobbies and says his favorite foods are "everything and anything."

Tyrone, who comes from Allendale School, plans to attend college some day, but at the age of 16 is undecided as to what field of study he will enter. We haven't seen any of his work yet but Tyrone likes to paint with oils, and when he sits down to his favorite meal its chicken, sweet potatoes and salad.

## ABC Rules On Bad Weather Forfeits

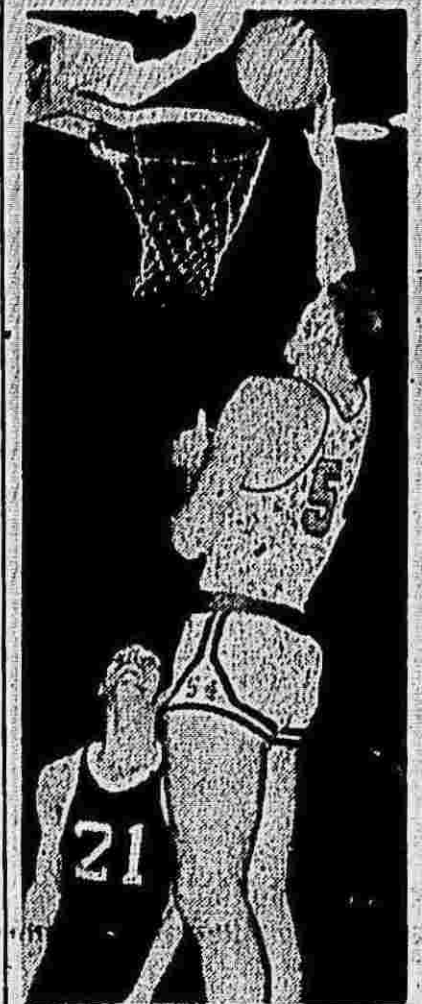

No more need league bowlers risk life and limb on icy roads or in deep snow to keep their team from forfeiting a game.

The ABC has ruled a team does not forfeit the game if they can't round up enough members for a legal team. The game is postponed and bowled at a later date. This holds true even though most of the other league bowlers reached the alley.

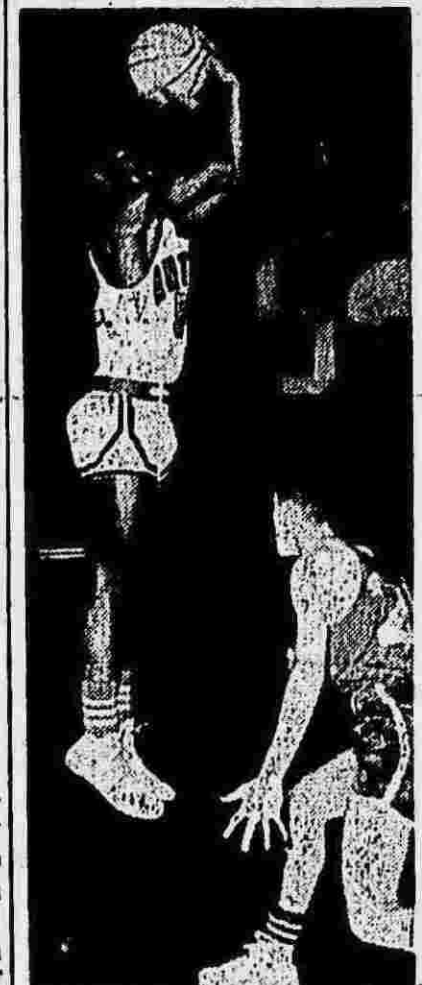

It is no longer a matter of mutual agreement between captains of the two teams concerned, nor of a league rule. The ABC rule provides for a postponement when emergency prevents the appearance of a legal team. If the team that is present bowls under the impression that they have won three forfeited games, they have merely bowled three lines of open bowling.

Eddie Zelesnik, secretary of the Lake County Bowlers Association, points out that this is particularly applicable in our area, where many bowlers live in one town and bowl in leagues in another town.

The Step Pyramid is the first large stone structure in history.

Vic Rogers adds two more against Round Lake Friday night. Vic collected 24 points and picked off 19 rebounds to lead the Sequoits to their first conference victory.

Tyrone Walls shows a bit of the form that got him 15 points against Round Lake Friday night in Antioch's gym. The Sequoits won the game 94 to 56.

Franklin D. Roosevelt was the first U. S. President to be elected to a third term of office.

**What kind of a tiger do you want under your hood?**  
(Have you priced a tiger lately?)

If you're handy with a whip and chair, you could go for the 360-hp GTO. It bites. But then, even the 335-hp GTO bites. So it all depends on how much you think you can chew. If you want a slightly more civilized package (but with all the growl and lots of the muscle of the GTO), try the LeMans. You can get it with a six or either of two V-8s. They all have magnificent interior appointments that make you feel you're languishing in luxury. Like bucket seats. And full carpeting. Yet they cost less than some very tame cats that go around trying to pass themselves off as tigers but who can't even manage the growl. How do we do it? That's our secret.
